 schal weye .xxxvi s. vij d. when it is solde for .vi s vij d.

the wastell schall weye xx s' x d' ¶ When it is solde
for viij s' the wastell schal weye xx s' v d' When it is
solde for viij s' vi d' the wastell schal wey xxij s' i d' ob
When it is solde for viij s' the wastell schal weye xxij s'
When it is solde for viij s' vi d' the wastell schal weye
xxij s' ¶ When it is solde for ix s' the wastell schal weye
xx s' ¶ When it is solde for ix s' vi d' the wastell
schal weye xxij s' iij d' ob. When it is solde for x s'
the wastell schal weye xxij s' vi d' ob. When it is solde
for x s' vi d' the wastell schal weye xxij s' x d' ¶ When
it is solde for xi s' the wastell schal weye xxij s' iij d'
When it is solde for xi s' vi d' the wastell schal weye
xxij s' x d' ¶ When it is solde for xij s' the wastell schal
weye xx s' iij d'

And it is to write that the Bakere may wync i
eche quarter of whete as is puid bi the Bakere
of oure lordes Kyngem d' and the braune and two bus
of furnage And to hire suantes iij s' i d' ob and iij s'
ob iij denes ob iij woode ij d' and butinge ob ¶ And
it is to write that a she of bred is not chaungid but for
vi d' encrese or vi d' abate. And it is to write when a
quart of whete is solde for iij s' or xl d' and a quart
of barlee for xv d' or ij s' and a quart of otes for xvij d'
the brewers owe and may wel sell in cices ij gal
nes ale for a peny And this is the assise of oure lordes
Kyngem to be kepte in all englonde ¶ And it is to write
that the assise of ale is not chaunged but for iij d' en
crese or iij d' abate. The bakere to the pilerie the brewer

to the Custode ¶ These are the diuise englishe names be
ynge in uobere of weight and mesure as wel of elnes
as of weigthes

Waynfoder of leed. Wage of leed. ffootmele of leed. Wa
ge of wolle and of chese A pounde of leed A sak of wolle
A lete of wolle. A lete of herunge A lete of hides A dikere
of gloues A dikere of hides A dosen of cordelwayn An
hundredth of talow. C bozde hempe and flew A pounde
of penes A schefe of stele A seme of glasse A wynd of
eles A tymbre of grey wark A schefe of fustian. i kes of
garlek ¶ It is to write that the waynfode of leed con
tenueth xxx footmele. and a footmele contenueth viij ston. ij
li lesse And iche ston contenueth xij pounde and iche pond
is of weight of xxx pounde s' wharfore the soume of
poundes in the footmele are lx. and x pounde. The so
me of poundes in the waynfode is viij times xx ston
and xv and this soume is puid bi siue times xxx that
is ix times xx. so that of iche footmele be taken away
ij pounde in the forsaide unmutiplicacion that is lx pond
that mak v ston and soo there is in the waynfodre
viij times xx ston and xv as it is seyde aboue But
as other men sayne that the waynfodre is of xij wa
ges and that is aft troy weight and the soume of the
stones of the waynfode is tyues xx. and xv and that
is puid bi xxij the wage is aswel of leed as of wolle
of talow and of chese weynge xxij ston. Two wages
maken a sak of wolle and xx sakkas maken a lete. A lete
of herunge contenueth xij and iche ay of x' eche hundredth

of vi score. A leste of ledy is of xx dibere and eche dibere
conteneth .x. hodes. A dibere of gloues is .x. payre. A dibere
of hors shoue is .x. hors shoue. A dozen of gloues of
pshemyn and of cordwayne in there kynde is vii skyn
nes. A hundredth of weye kosyn pache comy adnondes
conteneth vii stone & ij and eche stou conteneth vii sk
Wherfore the somes of the poundes in the hundredth
A hundredth and vii pounde and the hundredth is of
vii times .xx. pounde and eche pounde of xxv s. And
Wite yow that the poundes of penes and spices to
fortatnes as of electuaries is only of the weight of
xx s. the pounde of all other thynge weyeth xxv s.
Also in electuaries confectiōis and coloures the pounde
conteneth vii unces and the unce xv d. A hundredth of
boorde of henpe and of lynnyn clothe is of an hundredth
ellen and eche hundredth of vi score.

Holde vp oure yonge kyng Ane benigna
And sende vs pees in oure soude aue regna
Water me bright ben thi benys
Moder of thy pue bothe reues
Se to our innocent oure crowne may be gladdere
Holde vp oure lorde that neu sygh his fadre
For the fader his soue regnyge i his londes
Graue we haue we to kepe pees amonge vs
On a soday trewh ye may trouwe
Our bishopes & oure abbotes were nutrid arolye
Two Archebischopes so worthia aquynned
And a gracious cardinall aboute our kyng appointed
Thre swerdes ther were borne on popytles & ij popytred
The tou was the swerde of may ye secide of estate
The thrid swerde of the emper the whiche artoni gate
Thre dukes were in p̄sent worschipe to enaese
Two bishopes him ladde to kepe in pees
By erles in ther estate shewden them alle
And the v portes beynge vp the palle
Gracious warwith god him continue
Beynge vp his trayne in pees and vne
All the barons of oure soude to gedre ther wec fōnden
The iuges the knyghtes of ye shire & ye arc of london
This is the prestion goynge thowis the halle
Angeles were mana on his crowne did falle
And coueynd i this soude the crowne to enreft
Eli endurynge with p̄sent and pees
The Archebischop of Canturbey so apoynted
